

# Glen Koskela

## Chief Technology Officer, Nordic Region, Fujitsu International Business

An expert in strategic change, Glen works with customers to drive IT strategy, vision and thought leadership, inspiring innovation. Through his understanding of the impact of emerging technologies and trends on the market and customers, he identifies new business opportunities and steers their implementation.

Connecting with core R&D teams inside the Fujitsu group, he contributes to the formulation of IT architecture directions and technical standards for future service and solution concepts.

With over 25 years international experience in the IT industry, Glen is a frequent conference speaker and moderates in-house workshops on strategic innovation.

His career has spanned positions in corporate strategy, technology office, innovation management, international marketing, portfolio and business development, management consultancy, merger and de-merger activities, and hardware and software engineering.

Glen is a member of the Working Group for Innovation of the Federation of Finnish Technology Industries.

He is a systems and software analyst by training, with Diploma in Business Information Technology at EDP Institute in Helsinki.
